AMENDMENT/RESPONSE TO RESTRICTION REQUIREMENT

Assistant Commissioner of Patents
P.O. Box 1450
Alexandria, VA. 22313-1450

Sir:

Responsive to the Office Action of April 4, 2006, Applicants hereby elect Group II (directed to a kit), as defined on page 2 of the Office Action. This election is made with traverse, at least because the Examiner has not alleged that an undue search burden would be required in examining the full scope of the claims. The full scope of the claims embodies a unitary concept and should be examined in its entirety.

In view of this election, the requirement to elect a species is moot.

Further in response to the Restriction Requirement, please consider the amendments and remarks which follow.

Amendments to the Claims begin on page 2 of this paper.

Remarks begin on page 8 of this paper.
